

Strategic Partnership Announcement

Interstate PowerSystems is now an agent for PLM Trailer Leasing

Interstate PowerSystems is proud to announce a new relationship with PLM Trailer Leasing. Effective October 05, 2009, customers in the Minnesota Market Area have the ability to rent, lease, and obtain maintenance services from Interstate PowerSystems. Interstate's experience with the sales and service of temperature-controlled systems and PLM's trailer leasing expertise will combine to provide a complete solution for you, our customer.

Effective immediately, PLM operations in Minnesota are relocating to Interstate PowerSystem's Bloomington, MN location at 2601 American Blvd East. The telephone number 651-455-4067 will remain the same for your convenience. 24-hour service continues to be available from 1.877.RENTPLM (877-736-8756)

PLM Trailer Leasing, headquartered in Montvale, New Jersey, is a full-service leasing company in the Cold Supply Chain. PLM is a niche company, focused on creative value contributions to temperature-controlled transportation, distribution and storage businesses.

Interstate PowerSystems, headquartered in Minneapolis, MN has provided the upper Midwest and Great Plains with superior products and services since 1957. Interstate is a distributor for Detroit Diesel, Allison Transmission, Carrier Transcold, and a host of other industrial and transportation products.
